The Pragmatic Programmer by
Dave Thomas and Andrew Hunt
(2020 edition)

ABOUT ME

Polyglot Senior Software Engineer with more than a decade of professional coding experience, who has as values: delivering only tested code; focusing on outcomes rather than outputs; aiming for excellence and continuous learning as most as possible

A BIT OF MY WORK

Senior Software Engineer - N26

Barcelona, Spain (2019 - current)

I have been working in the the Platform Engineering team, focusing on tools and solutions to improve DevEx for iOS and Android Engineers

Lead Software Engineer - Stone Pagamentos

São Paulo, Brazil (2018 - 2019)

I lead a Mobile Engineering team responsible for the experience of Stone banking platform, driven by a Bank Account product created from scratch

Senior Android Engineer - Magazine Luiza

São Paulo, Brazil (2015 - 2017)

My team built a new B2C Android app for one of the top e-commerce players in Brazil. This product lead the re-shaping of the business towards a mobile-first perspective
